PERSONAL STATEMENT:

A passionate junior software developer looking to have a great positive impact in this field where possibilities are endless, with a mindset of growth and determination I have found something that I can do to help better the world with tech which gives me such an immense feeling of excitement.

TECHNICAL SKILLS:

Languages: JavaScript and TypeScript using Node.js and browsers as environment, Structured Query Language(SQL), **Testing:** TDD (Test Driven Development), Jest, Supertest, seeding, migrations
Front-end: HTML, CSS, React, Data Fetching (Axios, useEffect), Object Orientated Programming(OOP)
Hosting: Cloudflare, Netlify, Render
Back-end: Node.js, Express.js framework, SQL Databases (PostgreSQL), RESTful API Development,
Version Control: Proficient in version control using Git for tracking changes, collaboration, and maintaining code integrity.
Other: Paired programming, technical communication, Software development lifecycle(SDL), Agile and SCRUM methodologies

PROJECTS:

News API: Developed a real-time News API using JavaScript with Node.js and Express.js for efficient RESTful API development, integrated with PostgreSQL for data storage.

Scoopop: A React-based single-page web app showcasing articles on various topics. Powered by Node.js, Vite, and React Bootstrap, with data fetching handled by Axios.

Coffee connoisseur app: A React Expo app that helps users find the best nearby coffee shops recommended by members in various cities. Powered by React Native, Expo, Typescript, Axios, Node.JS and Tailwind.

PROFESSIONAL EXPERIENCE:

Junior Software Developer | Northcoders | Jan 2024 - Apr 2024:

- Applied Test-Driven Development (TDD) methodologies to create robust and scalable JavaScript applications
- Collaborated in a pair-programming environment, enhancing teamwork and code collaboration skills
- Developed a full-stack project using Node.js, Express.js, and React, showcasing proficiency in server-side and client-side technologies
- Applied Agile and SCRUM methodologies to manage project development, encouraging adaptability and responsiveness

Security Guard | AD Facilities | Feb 2021 – Mar 2023:

- Adapted to changing security situations and unexpected events
- Worked collaboratively with colleagues and law enforcement
- Managed stressful situations calmly and effectively
- Upheld ethical standards and maintained confidentiality in security roles

Customer Advisor | Sitel Group | Nov 2020 – Feb 2021:

- Worked as an NHS Track and Trace customer advisor.
- Attention to Detail and Precision in tracking and tracing data, emphasising attention to detail

- Providing support and guidance to individuals in the context of public health

Security Guard | SOS Security | Feb 2019 | Sep 2020:

- Applied critical thinking skills to assess and respond to security threats
- Developed an understanding of risk assessment and mitigation

Customer Sales Advisor | Millennium Talk Centre | Jan 2016 – Dec 2018:

- Effective time management to meet sales targets
- A focus on understanding and meeting customer needs

EDUCATION:

Capital City Academy | GCSEs: 13 A* – C, including English, Math, and Science | Date: Sep 2008 – July 2012

Capital City Academy | Sixth Form: A* - D in Maths, Physics, and Business | Date: Sep 2012 – Jul 2014

HOBBIES AND INTERESTS:**Codewars Coding Challenges:**

- Actively engage in Codewars coding challenges during leisure time, consistently improving problem-solving skills and demonstrating a commitment to continuous improvement in coding abilities

Literary Enjoyment:

- Reading psychological thrillers currently reading "The Women In Cabin 10" by Ruth Ware

Table Tennis:

- Used to play competitively growing up competing nationally

Tech Podcast Enthusiast:

- Stay well-informed about the dynamic tech landscape by regularly listening to insightful tech podcasts, with a current favourite being "Adventures in Machine Learning."
